

PRIVACY POLICY FOR WIFI.AUDIO

TL;DR

Don't worry, we're not hacking your phone or spying on you. We just need your name so we know who's who during the experience. Your microphone is only used on your own device to create sounds, we never record or send that audio anywhere. Your camera is used to activate the flashlight (only if you have an Android phone), and we also don't record or send any video recording of yours. We can't access any of your files or personal data. The wifi connection just lets your phone talk to our local server during the event, and we use network activity to create audio-visual effects. So relax and enjoy the experience!

1. INTRODUCTION

This Privacy Policy explains how wifi.audio ("we," "our," or "us") collects, uses, and processes your personal data when you participate in our interactive audio experience. We are committed to protecting your privacy in compliance with the General Data Protection Regulation (GDPR) and other applicable data protection laws.

2. DATA CONTROLLER

For the purposes of GDPR, wifi.audio is the data controller responsible for your personal data. For any privacy-related questions, you may contact us at crclrk@protonmail.com.

3. INFORMATION WE COLLECT

We collect minimal personal data:

- Your name (provided by you at the start of the experience)
- Technical connection data (device type, browser information)
- Network activity detection (for interactive sound generation only)

4. HOW WE USE YOUR INFORMATION

Your information is used solely to:

- Identify you within the interactive experience
- Facilitate communication between your device and our local server
- Generate audio-visual effects based on network activity
- Improve the interactive experience

5. LEGAL BASIS FOR PROCESSING

We process your data based on:

- Your explicit consent when joining the experience
- The legitimate interest of providing the interactive audio experience

6. DATA SECURITY AND RETENTION

- All data processing occurs locally within our event network
- Your microphone is accessed only on your device and is never recorded or transmitted
- We do not access any files on your device
- All collected data is automatically deleted when the session ends

7. YOUR RIGHTS

Under GDPR, you have the right to:

- Access your personal data
- Request correction of inaccurate data
- Request deletion of your data
- Withdraw consent at any time
- Object to processing of your data
- Data portability

8. CONSENT

By participating in the wifi.audio experience and signing below, you consent to the processing of your personal data as described in this Privacy Policy.

I have read and understood this Privacy Policy and consent to the collection and use of my information as described herein.
